

Coming together is a beginning; keeping together is progress; working together is success.

– Henry Ford

# 1944

In October the initiative of Executive Committee Chairman of Valmiera District Rihards Gredzens, Valmiera District integrated plant was established based on the former A.Taurins's iron works and machine-shop located at Krasta Street (currently T. Udera Street 12). Six employees were repairing different technical machinery.

# 1959

The plant started to manufacture  
20 l fuel cans.

# 1963

Valmiera District integrated plant was divided, as a result Valmiera Metal manufacture plant and Valmiera Furniture factory were established. On 1st July Valmiera Metal manufacture plant was renamed as Valmiera Fire extinguishing device plant (VuieR).

# 2020

Now VALPRO is one of the biggest  
metalworking company in Baltic states
